IMM supports 4 Evangelists who work in the Tîrgu Jiu area of Romania, where there are many coal mines and vast reserves.

Romania is a poor country; few people have cars, so the evangelists go out to many villages and preach out of doors or in someone's house.

In the large village of Sîmbotin they have a vision to build a small church. Some land became available and has been bought for about £300, considerably below the market value but the owner is happy to see a church alongside his own house.

The total cost of the project will be about £16000, but of immediate urgency is the task of raising £1600 so that materials can be purchased before the end of 2008 for the foundations. Cement etc., will cost at least 20% more next year. Much of the work will be done by church members.

Is the Lord calling you to be part of the vision to turn this:

Into this:

It will take just 16 people willing to give £100 each, or 32 people £50 each for the foundations to be completed this year and for the project to be underway.

“Give, and it will be given to you. A good measure, pressed down, shaken together and running over, will be poured into your lap. For with the measure you use, it will be measured to you.” *Luke 6 v 38*
